Ninth Convocation (8.9.2020)

Hon'ble Governor & Chancellor of the University Shri. Bhagat Singh Koshyariji delivering the Dikshanta Upadesha at Ninth Convocation.

Sanskrit is a language of heart...

Hon'ble Governor Sir said, "Sanskrit is a language of heart and its heart touching quality is enough for its glorification. If you learn Sanskrit with devotion, love and faith, it brings indescribable joy. It is need of an hour to study ancient Indian scriptures. Along with ancient Indian Knowledge treasure, one should also study and explore the latest branches of education in Sanskrit. While exploring Sanskrit literature, Geeta and Upanishads in depth, we come to know about the innovative semantic viability of Sanskrit Language."

Visit of Hon'ble Shri Uday Samant (15.9.2020)

नवीपणे संपन्न झालेल्या गोंडवाना विद्यापीठाच्या परीक्षा मॉडेल राज्यात अत्यंत उच्च व तंत्र शिक्षण मंत्री उदयजी सामंत यांनी केलेले कौतुक. त्यांनी या परीक्षा मॉडेलचा भ्रमण करताना म्हणजे २३ सप्टेंबर रोजी या विद्यापीठात १२ बचा दर्जा प्राप्त झाला. तसे पत्र विद्यापीठाचे कुलसचिव डॉ. ईश्वर मोहूर्ले यांना यूजीसीने पाठवले आहे.

प्रगतीचा मार्ग मोकळा

◆ **चंद्रपूर, २३ सप्टेंबर**

प्रगतीचा मार्गावर अग्रेसर होण्याकरिता विद्यापीठ अनुदान आयोगाच्या निधीची विद्यापीठात गरज असते आणि त्याकरिता ‘१२ बचे’ निकष पूर्ण करावे लागतात. २३ सप्टेंबर रोजी या विद्यापीठात १२ बचा दर्जा प्राप्त झाला. तसे पत्र विद्यापीठाचे कुलसचिव डॉ. ईश्वर मोहूर्ले यांना यूजीसीने पाठवले आहे.

येत्या वर्षापासून विद्यापीठात १२ बचा दर्जा प्राप्त झाला. तसे पत्र विद्यापीठाचे कुलसचिव डॉ. ईश्वर मोहूर्ले यांना यूजीसीने पाठवले आहे.

गोंडवाना विद्यापीठास ‘१२ ब’चा दर्जा

अत्यंत महत्वाच्या अशा १२ बचा दर्जा गोंडवाना विद्यापीठात तब्बत ९ वर्षां वाट पाहली जातली. १८ व १९ डिसेंबर २०१९ रोजी यासाठी यूजीसीच्या चार सदस्यीय चमून विद्यापीठाची पाहणी करून अनेक समित्यांची चर्चा केली होती. गोंडवाना विद्यापीठ संरचनात्मक वाढ करून निधीअभावी या विद्यापीठाची पाहणी नाही. त्यामुळे विद्यापीठाच्या गरजेवरच अनेकदा प्रश्नचिन्ह उपस्थित केले गेले.

प्रगतीकरिता सध्या आणि पदाधिकारी विद्यापीठात पुढे नेण्यासाठी सातत्याने प्रयत्नहीत आहेत. मागील मंत्री सुधीर मुनगंटीवार यांच्या प्रयत्नांनी या विद्यापीठाची मुहूर्तमंजूर गडबिरोलीत रोवली गेली. या भागास परिसराचा विकास व्हावा, रोजगारनिमित्त शैक्षणिक अभ्यासक्रम या परिसरातील तरुणांना मिळावा आणि प्रगत संस्कृतीचे बीजारोपण व्हावे, या उदात्त हेतूने विद्यापीठ स्थापनेत गेले. ते सार्थकी लागवे, यासाठी ‘१२ ब’ हे अत्यंत महत्वाचे पाऊल ठरवले आहे.

12 B status to Gondwana University

District Correspondent
GADCHIROLI, Sept. 24

THE Gondwana University has finally been accorded 12 B status by the University Grants Commission (UGC) after the University fulfilled all necessary requirements, informed Dr Shrinivasa Varakhedi, Officiating Vice-Chancellor of the Gondwana University, in a press conference on Thursday afternoon.

A team visited Gondwana University and inspected it for 12 B status. After due process, it finally accorded its sanction thereby paving way for development of the University, said Dr Varakhedi. Now, the colleges affiliated to the University will also benefit from the development in terms of grants and other necessary processes, he informed. Dr Varakhedi expressed gratitude for the co-operation extended by Uday Samant, Minister

for Higher Education and Eknath Shinde, District Guardian Minister to achieve the status. He also thanked outgoing Vice-Chancellor Dr Namdeo Kalyankar, Dr Ishwar Mohurle, Registrar, Dr Suresh Bawarkar, Coordinator of the 12 B project. Now, the University has become eligible for necessary grants through further development and academic progress of the

University can be achieved, pointed out the officiating V-C. He called upon the people of Gadchiroli to cooperate with the University for its development.

Dr Varakhedi also informed that the issues of Model College's transfer to Gondwana University and opening of the joint Director of Education Center at Gadchiroli will be resolved soon as necessary process has already been started.

The University is also making efforts for getting a special course of Tribal and Forest Studies so that it can become a unique centre of education and the modalities for it are being worked out, informed the Vice-Chancellor. Attention would be given towards Science and Technology Research Centre attached with the University, he said when his attention was drawn towards the performance of the said centre.

Inauguration of Nivedita English Club (5.9.2020)

'Sanskrit students need to learn English language'

■ Staff Reporter

"THE students of Sanskrit University also need to learn English language. There are two approaches to learning English language -- Ideal and Practical. It is always an enriching experience to have knowledge of other language. It is scientifically proven that a student having knowledge of more than one language is brighter than others," said Prof Dr R Dipta, National Sanskrit University, Tirupati.

Prof Dr R Dipta was speaking as the chief guest at a programme organised by Department of

Language, made the introductory remarks. He explained about activities of Sister Nivedita Club and introduced the chief guest to the gathering.

While explaining the practical approach, Prof Dr R Dipta envisaged three reasons --

English is a universal language, learning of English improves employability and for the purpose of Sanskrit. Sanskrit is our intellectual heritage, which can be regained and preserved only with the use of English. She suggested to acquire the western vocabulary related to 'Shastra'.

New Education Policy will transform India into Bharat: Dr Varakhedi

■ Staff Reporter

THE New Education Policy-2020 is innovative and embodies the concept of nation-building. It will transform India into Bharat, unite all subjects, and make ordinary individual achieve the extraordinary, said Dr Shrinivasa Varakhedi, Vice-Chancellor of Kavikulaguru Kalidasa Sanskrit University (KKSU).

Dr Varakhedi was speaking during the brainstorming programme organised by Fortune Foundation, on Thursday. He was speaking on the topic 'National Education Policy-2020: Comprehensive and Multi-disciplinary Education, Multi-disciplinary Concept'. Dr Maheshwar Kalalawe, Convener of Vidyabharati Devgiri Prant Shikshan Sanstha, also participated in the session. Nago Ganar, MLC, was the chief guest on the occasion.

Dr Varakhedi praised Prof Anil Sole, MLC and President of Fortune Foundation, for organising the brainstorming programme on an important topic. Speaking on the current education policy, he said that it was all about confinement of students in four walls. Students are learning the same subject. As a result,

Dr Shrinivasa Varakhedi, Vice-Chancellor of KKSU, speaking on the fifth day of Fortune Foundation's seminar on National Education Policy-2020. Dr Maheshwar Kalalawe, MLC Nago Ganar and Prof Anil Sole also are seen on dais.

the number of students in the classrooms has decreased. The New Education Policy will liberate the children from the confines of stereotype and grant them an opportunity to learn the subject of their choice. The new policy is holistic, promotes every dimension of life, and reflects the effort to chart the course of future built on the glorious history of nation, he said.

Dr Maheshwar Kalalawe also appreciated Prof Anil Sole for organising the session on New Education Policy. The new policy will set a tradition of multi-dimensional thinking apart from

imparting skill-based education. Along with the curriculum, subjects like sports, dance, music will be taught in it and students will be allowed to opt for many subjects.

The policy also considers how to get value education in all subjects. The policy provides for vocational education from Std VI onwards, and bridges the widening gap between ever-growing number of graduates and shortage of skilled manpower, he said.

Prof Anil Sole conducted the proceedings and proposed a vote of thanks.

नवीन शिक्षण धोरण वैभवशाली इतिहासाधारे देशाचे भविष्य घडविणारे

लोकसत्ता प्रतिनिधी

नागपूर : सध्याचे शिक्षण चार भिंतीत होत असून घोड्याच्या पागा लावल्यासारखे विद्यार्थी एकच विषय शिकत आहेत. त्यामुळे वर्गांमधील पटसंख्या घटली आहे. नवे शैक्षणिक धोरण वर्गांच्या या भिंती तोडून मुलांना खुल्या मैदानात घेऊन जाणार आहे. त्यांना त्यांच्या आवडीचा विषय शिकण्याची संधी मिळणार आहे.

जीवनाच्या प्रत्येक आयामाला आणि विषयाला प्रोत्साहित करणारे असे हे बहुविध आणि समग्र धोरण राहणार आहे. आपल्या वैभवशाली इतिहासाचा आधार घेऊन देशाचे भविष्य वैभवशाली बनवण्याचा यात प्रयत्न दिसतो, असे मत कविकुलगुरु कालिदास संस्कृत विद्यापीठाचे कुलगुरु डॉ. श्रीनिवास वरखेडी यांनी नव्या राष्ट्रीय शैक्षणिक धोरणाचे स्वागत केले. फॉर्च्युन फाऊंडेशनद्वारे आयोजित

नवीन शिक्षण धोरणावर डॉ. श्रीनिवास वरखेडी बोलत होते. यावेळी विद्याभारती देवगिरी प्रांत शिक्षण संस्थेचे संयोजक डॉ. महेश्वर कळलावे यांनी सहभाग नोंदवला. या कार्यक्रमाला शिक्षक आमदार नागो गाणार यांची प्रमुख उपस्थिती होती. विद्यमान शिक्षण धोरणावर ते म्हणाले, नवे शैक्षणिक धोरण हे नाविन्यपूर्ण असून त्यात राष्ट्रनिर्माणाची संकल्पना दडलेली आहे. इंडियाला भारत बनवण्याचा त्यात

विचार असून सर्व विषयांना एकत्र जोडणारे आणि सामान्य व्यक्तीला असामान्यत्वापर्यंत नेणारे असे हे धोरण आहे. डॉ. महेश्वर कळलावे यांनी सांगितले की, हे धोरण बहुआयामी शिक्षणाची परंपरा आणणारे असून कौशल्यधारीत शिक्षण राबविणारे ठरणार आहे. कार्यक्रमाचे सूत्रसंचालन व आभार फॉर्च्युन फाऊंडेशनचे अध्यक्ष, कार्यक्रमाचे आयोजक आमदार प्रा. अनिल सोले यांनी केले.

A view on 'Core of Education' by Hon'ble Vice-Chancellors of esteemed Universities in Maharashtra

Core of education is building good human beings, welfare of students

Principal Correspondent

WHEN one looks critically at the society one realises that the values are missing. One carries the impression that the process of creation of good human being has come to a standstill.

Nobody teaches to think out of the box or develop a thought of becoming job-giver than the job-seeker. 'The Hitavada' through its column 'Loud Thinking' has been writing on this issue since long. This newspaper approached stalwarts in education to know their views on 'What is core of education?'. The stalwarts came with fantastic answers.

Dr Shrirang Altekar, Professor and Director, Symbiosis Institute of Business Management, Nagpur spoke on Post Graduate education. According to him, right now focus of education is on employability.

"We see even in New Education Policy (NEP) the entire focus is on making our own youth, our own students employable. Employability has two dimensions--a good

as an entrepreneur should also be given the importance. There are two cores-- one is knowledge-based, knowledge building, knowledge creation and second is employability," asserted Dr Shrirang Altekar.

Expressing regret over the journey of education from Gurukul system to Kulguru that has taken students away from learning attitude to becoming job-seeker, Dr Murlidhar Chandekar, Vice-Chancellor of Sant Gadge Baba Amravati University said, "I don't have problem regarding placement issue but we should not forget imbibing *sanskars*."

FROM THE FRONT PAGE

Core of education is building good human beings, welfare of students

The importance of Guru has no place in the present era. We teach the history of Shivaji Maharaj, Dr Ambedkar etc but do we teach students to learn from the lives of great people? The answer is a big no. The journey witnessed transformation of spiritual thoughts to materialistic ones. Fortunately in NEP that was declared recently by Central Government has tried to take care of these aspects very well."

Dr Pramod Yeole, Vice-Chancellor of Dr Babasaheb Ambedkar Marathwada University, Aurangabad is strongly in favour of student-centric aspect. "The core of education is welfare and development of students. The programmes designed by Government should be for the overall development of students."

Dr Subhash Chaudhari, Vice-Chancellor of Rashtrasant Tukadoji Maharaj Nagpur University, feels, education is the cultivation of mind. "Students are expected to make themselves strong. They should not be mental loafer. In this sense they should be creative, innovative and keep using their brains continuously. Proper development of human mind is the core of education," emphasised Dr Chaudhari.

According to Dr Mrinalini Fadnavis, Vice-Chancellor of Punyashlok Ahilyadevi Holkar University, Solapur, the core of education is human building process.

"These humans should have knowledge, they should become trained manpower and they should be taught ethics. The process of capacity building should be on continuously. Understanding of research needs that would be useful for society is also an important aspect," pointed out Dr Fadnavis.

Dr Shrinivasa Varakhedi, Vice-Chancellor of Kavikulaguru Kalidas Sanskrit University stated, "Creating responsible citizen is very important. This citizen should know the humanity, he should be pure nationalistic and patriotic. At the same time he or she should possess knowledge skills."

"To develop good human being, capable of national thinking and action, having compassionate and empathetic approach, scientific temper should be our aim. Education should see to it that it should fulfill the requirement of society of creating employable and entrepreneurial youngsters," elaborated Dr Ashish Paturkar, Vice Chancellor of Maharashtra Animal and Fishery Sciences University (MAFSU).

Dr Vijender Kumar, Vice-Chancellor of Maharashtra National Law University, Nagpur put a very valid point. He said, "The core of education is to make students understand the society, to contribute to the society and behave as per the law of the country."
